Preparation of Neem Mosquito Refill

All you need are two very basic ingredients coconut oil and neem to make this all natural mosquito repellent liquid. So go ahead and make this simple, cheap, highly effective, mosquito repellent liquid from neem and coconut oil at home

Note: Camphor (Kapoor) is sometimes added to the preparation .

How to prepare:

1. Take fresh Neem leaves, and clean them with water.
2. Take them in a mixy jar and paste all leaves.
3. Take 250ml coconut oil in a pan and heat it.
4. Add the past to the boiled oil again and boil for 5 minutes.

Add Camphor powder to the above mixture and transfer all the solution to empty refill .
